My drawing of speech

This consisted of the following main concepts:

1-filters:

Low pass filters.

High pass filters.

Band pass filters.

Sharp selected band reject filters.

2-buffers.

3- voltage control oscillators.

4-phase locked loops.

And it can be described as each title of subject can be considered as my ground ,each word in this subject can be described as my positive ,and the interactions between the different words are done by my negatives,if there does not exist interaction,then new my

ground will exist , new title,and new subject will exist,and generated.
